THE BRIDGE PROJECT IN ACTION

The Bridge Project will provide 500 eligible low-income, pregnant individuals with unconditional cash – no strings attached. The cash can be spent on anything – food, formula, rent, childcare, diapers – truly, whatever the mother decides. The program duration is three years, with first payments beginning in April 2025.

PROGRAM PARTICIPANTS WILL RECEIVE:

\$1,125 one-time, upfront prenatal stipend

\$750 per month for the first 15 months of program participation

\$375 per month for the remaining 21 months of program participation

Appalachia will be on the cutting edge of research and evaluation

As part of our expansion to the Appalachian region, The Bridge Project is launching a first-of-its-kind research study to better understand the impacts of direct cash on maternal and infant health, nutrition, housing security, and other areas. In addition to the 500 Appalachian residents onboarded into the “high cash” participant group (the participants referenced elsewhere in this document), an additional 750 residents will be onboarded into a “low cash” participant group where they will receive compensation for completing research surveys and interviews.

HOW DO MOTHERS APPLY?

Applications are available online beginning January 8, 2025. Applications are reviewed on a rolling basis for eligibility and eligible program participants are selected by lottery. Applications will remain open until all program slots have been filled.
